Alex Smith | Senior Software Engineer

Professional Summary

Results-driven Senior Software Engineer with 5+ years of experience architecting microservices, cloud applications, and high-throughput REST APIs. Proven expertise in Python, Flask, Docker, Kubernetes, and distributed database systems.

Core Technical Skills

Languages: Python, JavaScript, TypeScript, Go, SQL
Frameworks: Flask, FastAPI, React, Node.js
Cloud & DevOps: AWS (EC2, S3, RDS), Docker, Kubernetes, GitHub Actions, Terraform
Databases: PostgreSQL, Redis, MongoDB

Professional Experience

Senior Software Engineer | CloudTech Solutions (2022 - Present)
- Designed and deployed scalable containerized microservices handling 2M+ requests daily.
- Optimized PostgreSQL queries resulting in a 35% reduction in latency.
- Mentored 6 junior engineers and spearheaded agile sprint planning.

Software Developer | NextGen Apps (2019 - 2022)
- Developed interactive frontend interfaces using React and backend REST APIs using Python/Flask.
- Integrated secure OAuth2 authentication and automated test suites with 92% code coverage.

Education & Degrees

Bachelor of Technology (B.Tech) in Computer Science & Engineering
State Technical University | CGPA: 3.8 / 4.0 | Graduated Magna Cum Laude

Certifications

AWS Certified Solutions Architect – Associate (2024)
Certified Kubernetes Application Developer (CKAD) (2023)
